

Dermatology Alliance Joins Epiphany Dermatology

Partnership improves access to great dermatologic care

Austin, Texas — November 13, 2017 — Epiphany Dermatology (www.epiphanydermatology.com) announced today it has expanded its presence in the Dallas/Fort Worth metroplex through its acquisition of R. Todd Plott, MD, PA d/b/a Dermatology Alliance. Epiphany Dermatology is comprised of leading dermatologists committed to improving access to exceptional dermatologic care.

Founded in 2011 by Dr. R. Todd Plott, Dermatology Alliance has a stellar reputation of providing quality dermatology services to patients in the greater DFW market. Dermatology Alliance has grown rapidly, and the practice now consists of three board-certified dermatologists and two physician assistants across its three clinics. Through this acquisition, Dermatology Alliance's dedicated providers and support staff have joined Epiphany in a partnership grounded in top-notch patient care.

Dr. Plott is a board-certified dermatologist who developed prescription dermatology drugs prior to entering private practice. Dr. Plott is most widely known for his invention of Solodyn (extended-release minocycline) for the treatment of acne. Dr. Plott was appointed to the FDA's Dermatologic and Ophthalmic Drug Advisory Committee and will serve as Epiphany's DFW Market Medical Director. "My staff and I are excited to form this partnership with Epiphany, which has proven itself to be a high-quality company comprised of caring dermatologists working in critical areas. Epiphany shares the values and goals that my staff and I believe in—providing excellent care across the entire spectrum of medical and cosmetic dermatologic needs. By forming this partnership with Epiphany, we will expand our ability to treat the skin diseases and skin cancers in our community. Epiphany has the infrastructure to help us manage the growing regulatory burdens that may otherwise interfere with our ability to focus on what matters most—taking care of our patients and serving our community."

Gheorghe Pusta, Chief Executive Officer of Epiphany, said, "We are pleased to form this partnership with Dr. Plott and the exceptional team of caring professionals from Dermatology Alliance - they are as committed as Epiphany is to clinical excellence. This is an exciting opportunity to expand our provider network and improve access to great dermatologic care in the DFW market. Furthermore, Dr. Plott is a proven leader in both the science and practice of dermatology, and we are excited to have his leadership as we continue to build a special company."

Through this partnership, Dermatology Alliance's providers and staff gain additional resources to help with operations, managed care, marketing, compliance, human resources, recruiting, and many other support services.

About Epiphany Dermatology

Epiphany Dermatology is a rapidly expanding dermatology company, driven by a passion to improve access to high quality dermatologic care in a values-based manner. Through its partnership with leading
