

Advanced Dermatology of Butte Joins Epiphany Dermatology

Partnership improves access to exceptional dermatologic care

Austin, Texas — November 15, 2019 — Epiphany Dermatology, a leading dermatology company committed to improving access to exceptional dermatologic care, announced today it has expanded its national presence into Montana through its partnership with Advanced Dermatology of Butte.

Founded in 1994 by Dixon Robison, MD, Advanced Dermatology of Butte has a long-established reputation of providing high-quality dermatology services to patients in southwestern Montana. Dr. Robison is a board-certified dermatologist who earned his medical degree and completed his dermatology residency at Loma Linda University School of Medicine.

Dr. Robison commented, “My staff and I are excited to join Epiphany, which has proven itself to be an excellent company comprised of caring dermatologists. Epiphany shares the values and goals that my staff and I believe in – providing exceptional care across the entire spectrum of medical and surgical dermatologic needs. By forming this partnership with Epiphany, we will expand our ability to treat skin conditions and cancers in our community. Epiphany has the infrastructure to help us manage the growing regulatory burdens that have the potential to interfere with our ability to focus on what matters most – taking care of our patients and serving our community.”

Gheorghe Pusta, Co-Founder and Chief Executive Officer of Epiphany, said, “We are excited to welcome Dr. Robison and his staff to the Epiphany team. Through our interactions with Dr. Robison, we were pleased to learn he is as committed as we are in delivering clinical excellence and access to care. This partnership represents an opportunity to expand our provider network and improve access to exceptional dermatologic care in Montana.”

Through this partnership, Advanced Dermatology of Butte’s providers and staff gain additional resources to help with operations, managed care, marketing, compliance, human resources, recruiting, IT, and many other support services.
